2	Documentation Required	Firm Should be registered with Sale Tax, Income Tax, PAN Card these document should attached (after document)
3	Location	Firm should have offices in India
4	Qualified Technical manpower	Local support engineering required basis Jaipur (attach document)
5	Work Experience in Inkjet Batch Coding,	5 No of Purchase order Required, enclose copy
6	OEM Authorization	Letter of authorization from OEM for Inkjet coding printer supply-----

2. Specification Parameters

2.1 Batch Printer Machine

S. No.	Specification	Parameters
1.	Mention Make & Model No.....	
	Operational Capability	
2.	Nozzle Size	60μ
3.	Maximum Print Character	256
4.	Maximum single Line Speed	250 meter/minute
5.	Maximum No. of Line	5
6.	Character height	2 – 10 mm
7.	Logo creation facility	Required
	Environment	
8.	Working Temperature	5 °C to 45 °C
9.	Environment protection	IP55
	Compliance	
10.	CE	Standard
	Print head	
11.	Conduit Length	3m
12.	Print Head	Single Jet

13.	External USB port	Standard
	Ink System	
14.	Ink Cartridge	750ml – 1000ml
15.	MU cartridge	750ml – 1000ml
16.	Nozzle Sealing and Positive auto	Must
17.	Stainless Steel Cabinet	Must
18.	Automatic Start up and shut down	Must
19.	Language	English
20.	Print Head Construction	Should be fully repairable at site
